COMB TABLE BASE

Design Challenge: Create an elegant and flexible table base that adjusts to accommodate a variety of tabletop shapes and materials.

Solution: Our new plate steel comb table base expands and shifts to support and complement almost any tabletop shape, and is equally beautiful under glass.

STANDARD DIMENSIONS

Minimum 24" x 24" x 15" High

Maximum 24" x 40" x 15" High

ADDITIONAL CONFIGURATIONS

See reverse

COMB TABLE BASE

MATERIALS

Made of precision cut $\frac{1}{2}$ " thick mild steel, the intersecting surfaces of the Comb Base are polished by hand to interweave smoothly. Outer surfaces are hand finished with a darkening agent and then waxed. Also available in Aluminum.

AVAILABLE SIZES

Minimum base dimensions: 24" x 24" x 15" High
(can accommodate as small as 25" round top)

Maximum base dimensions: 24" x 40" x 15" High
(can accommodate rectangular top 66 x 36 or larger)

OPTIONAL TOPS AVAILABLE:

(a) Glass – any size by request

(b) Lychee Wood stump slice #8778

(c) Round lightweight concrete by request (36" shown) #6032
